History class at the local museum

We had a Hungarian History class at the Türr István Museum in the main square of Baja. We saw archaeological objects from the Migration and Avar periods, traditional costumes, old guild relics, and tools used by local craftsmen.

Environmental Day in Baja

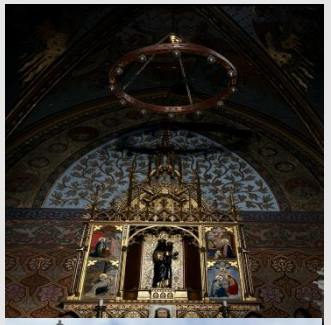

We visited the observation tower and saw the Danube estuary and the place where the Sugovitza River meets the Danube. At the open-air museum, we learned about the fishermen's guild, their boats, tools, and the fish that live in the Danube River.

BUDAPEST, the capital city is quite impressive - we admired the Heroes' Square with statues of the seven leaders who founded Hungary and other important heroes and the Heroes' Memorial Stone, that honours the people who died for their country.

Fisherman's Bastion

The place looks like a fairytale castle! We enjoyed the amazing view of the Danube River and the Parliament buildings. The white marble towers and stairs were shining brightly and looked great in the photos .

Matthias Church

One of the oldest and most famous cathedrals in Budapest, with colourful roof tiles and tall towers. Inside, the stained glass windows looked faboulous.

ERASMUS+ GROUP MOBILITY FOR PUPILS

Szent László Általános, Baja-Hungary
10th-14 th March 2025

By exploring and learning about other cultures, overcoming stereotypes and preconceptions, and encouraging mutual respect between different cultural groups, we could develop on a personal level.

Closing Ceremony

We returned to school for the closing ceremony, filled in a final questionnaire, and received our certificates. We shared our impressions with the Hungarian students and their families.

Saying goodbye was emotional, marking the end of a wonderful adventure.

Crime Solving Game

On the last day, we played a crime-solving game around the city. Together with the Hungarian students, we followed clues and worked as a team to solve the mystery of the judge's death. It was fun and exciting!

Rowing and Bowling Fun

We went to the pier on Petofi Island for our first rowing experience on a dragon boat along the Sugovica River. Then we went bowling and enjoyed our time together with our Hungarian hosts.

Crafts and Farm Experience

We painted ceramic fish representing the local aquatic life. Then we rode in a horse-drawn carriage to a nearby farm, where we learned about farming and joined a traditional felt-making workshop.
